

## HAWAII CONTROLLED SUBSTANCE APPLICATION WET SIGNATURE EXEMPLARS

For NED Use Only

REG:

Registrant Name: \_\_\_\_\_

NED Registration Number or "NEW": \_\_\_\_\_ Date: \_\_\_\_\_

**Prescribers must provide exemplars of their "wet" penned signatures and initials that would be used for prescription orders, written chartings, and license applications.**

1. Prescriber's wet signature to be used for written controlled substance prescriptions.

\_\_\_\_\_  
Rx Signature of Prescriber

2. Initials of Prescriber used for written charting and/or controlled substance prescription corrections.

\_\_\_\_\_  
Initials of Prescriber

3. Prescriber's wet signature used for application forms and other legal documents. (It is not uncommon for a prescriber to use a signature on a written prescription that differs from a signature used on a legal document or government application.)

\_\_\_\_\_  
Signature of Prescriber (for Applications/Legal Documents)

Note: Wet signature exemplars aid diversion investigators with identification of suspected fraudulent written prescriptions found during routine pharmacy inspections. If a controlled substance prescription at a pharmacy is suspected to be fraudulent upon a cursory visual comparison of your signature exemplars, the prescriber will be contacted to confirm the controlled substance prescriptions validity. IMPORTANT NOTE: It is a violation to have a staff member or anyone else sign a controlled substance written prescription on a prescriber's behalf. Controlled substance prescriptions cannot be pre-signed and must be signed and dated on the day the prescription is written.
